

Event at COP23, Bonn 2017

# “The role of decision support tools for public-private climate risk insurance solutions”

13 November 2017, 18:00 – 19:30

Location: EU-Pavilion, Room Brussels, Bonn Zone

To support the WIM and the Clearing House for Risk Transfer (UNFCCC), innovative decision support tools are needed focusing on climate insurance solutions. MCII, DIE, Oasis and PIK will present their respective tools such as the NDC Explorer and the Oasis Hub and discuss the potential of the Economics of Climate Adaptation (ECA) framework to quantify the benefits of adaptation measures and insurance within a climate risk management approach

## Speakers:

- Maxime Souvignet, Munich Climate Insurance Initiative (MCII)
- Christoph Gornott, Potsdam Institute for Climate Impact Research (PIK)
- Tracy Irvine, Oasis Hub Ltd
- Julie Calkins, Climate-KIC
